In Manitoba all physiotherapists must be registered with the College of Physiotherapists of Manitoba. The practice of physiotherapy is governed by “*The Physiotherapists Act*” which sets standards for registration and practice. ## WHAT IS PHYSIOTHERAPY?

Physiotherapy is the treatment and prevention of physical injuries and movement problems. Education and preventative measures help patients gain the highest possible level of independent function. A physiotherapist is sometimes called a physical therapist. The terms mean the same thing.
